### NOTES:

- Each class is a Friday and a Saturday. **You have to be both - off work and devote a weekend day** to perform the training, which means you arrange work and arrange your family life to be away for a night.
- One class average 8 hours for two days = 16 hours
- Drive average to Rome and Elberton – 4 hours (twice) and overnight is 12 hours
- St Marys drive was 7 hours (twice) and overnight is 12 hours

**Conclusion – Any commission member will have to lose a workday and a weekday/family day in any of the classes. Some classes are nearby and some involve more drive time, which means more time away.**
